

TRAINING GROUP COURSE LIST

Eureka 4WD Training
Ph: 9461 2300

GROUP	COURSE NAME	COURSE OUTLINE	DURATION
EUREKA GROUP 1 Includes all 3 Certifications	RIIVEH305E Operate and maintain a 4WD vehicle	<ol style="list-style-type: none"> 1. Pre-journey planning 2. Pre-departure checks 3. Use 4WD features to drive in a variety of terrain types 4. Single snatch strap recovery 5. Perform maintenance and minor repairs 	1 x day practical Student completes on-line E-Learning Theory component prior to attending Please note: This is our 4 wheel drive off-road training course
	SISODRV302A Drive and recover a 4WD vehicle	<ol style="list-style-type: none"> 1. Plan for four-wheel driving 2. Perform pre-departure checks 3. Drive in a variety of terrain types 4. Recover a vehicle 5. Perform post-use four-wheel drive activity review 	
	TLIC2025 Operate 4WD vehicle	<ol style="list-style-type: none"> 1. Operate four-wheel drive vehicle on normal roads 2. Demonstrate four-wheel driving in a range of terrains 3. Demonstrate use of jack and complete operations 	
EUREKA GROUP 2 Includes all 3 Certifications	RIIVEH201D Operate light vehicle	<ol style="list-style-type: none"> 1. Plan and prepare for operations 2. Operate light vehicle 3. Carry out operator maintenance 	1 x day theory and practical training & assessment Please note: This is our defensive driving on gravel roads training course inc fatigue management
	TLIC1051 Operate commercial vehicle	<ol style="list-style-type: none"> 1. Operate commercial vehicle 2. Monitor traffic and road conditions 3. Monitor and maintain vehicle performance 	
	TLIF2010 Apply fatigue management strategies	<ol style="list-style-type: none"> 1. Identify and act on signs of fatigue 2. Implement strategies to minimise fatigue 3. Workplace procedures are assessed to minimise fatigue 	
EUREKA GROUP 3 Includes both Certifications	SISODRV404A Drive a 4WD in difficult terrain	<ol style="list-style-type: none"> 1. Plan for four-wheel drive activity 2. Drive in difficult terrain 3. Perform maintenance and minor repairs 	Pre-requisite course is SISODRV302A 1 x day theory and practical training and assessment Please note: This is our 4 wheel drive advanced training course
	SISODRV405A Coordinate recovery of a 4WD vehicle	<ol style="list-style-type: none"> 1. Assess situation 2. Use recovery or snatch strap 3. Use a winch to perform vehicle recovery 4. Use jacks to prepare vehicle for recovery 5. Maintain vehicle recovery equipment 	

TRAINING GROUP COURSE LIST

GROUP	COURSE NAME	COURSE OUTLINE	DURATION
EUREKA GROUP 4 Includes all 3 Certifications	PMASUP236 Operate vehicles in the field	<ol style="list-style-type: none"> 1. Prepare vehicle and secure load 2. Undertake journey 3. Operate vehicle 4. Finalise journey 5. Recover vehicle 6. Maintain vehicle safety 	2 x day practical Student completes on-line E-Learning Theory component prior to attending Please note; This is our 4 wheel drive off-road remote training course
	RIIVEH305E Operate and maintain a 4WD vehicle	<ol style="list-style-type: none"> 1. Pre-journey planning 2. Use 4WD features to drive in a variety of terrain types 3. Use 4WD features to drive in a variety of terrain types 4. Single snatch strap recovery 6. Perform maintenance and minor repairs 	
	TLIC2025 Operate 4WD vehicle	<ol style="list-style-type: none"> 1. Operate four-wheel drive vehicle on normal roads 2. Demonstrate four-wheel driving in a range of terrains 3. Demonstrate use of jack and complete operations 	
EUREKA GROUP 5	AHCMOM211 Operate side by side utility vehicles	<ol style="list-style-type: none"> 1. Prepare side by side utility vehicle for use 2. Operate side by side utility vehicle 3. Operate machinery in a safe, efficient and controlled manner 4. Complete work 	1 x day theory and practical training and assessment
EUREKA GROUP 6	AHCMOM212 Operate quad bikes	<ol style="list-style-type: none"> 1. Prepare a quad bike for operation 2. Operate a quad bike 3. Steer, manoeuvre and position quad bikes in a smooth and controlled manner 4. Complete and check quad bike operation 	1 x day theory and practical training and assessment
EUREKA GROUP 7 Includes both Certifications	TLIA1001 Secure Cargo	<ol style="list-style-type: none"> 1. Prelash and unlash cargo 2. Prepare to secure cargo/containers 3. Protect cargo from weather 4. Pack and unpack cargo 	1 x day theory and practical training and assessment
	TLID2004 Load and unload Cargo	<ol style="list-style-type: none"> 1. Load and unload goods/cargo 2. Secure and protect load 3. Complete documentation 	
EUREKA GROUP 8 Includes both Certifications	FWPCOT3259 Operate a four wheel drive on unsealed roads.	<ol style="list-style-type: none"> 1. Identify four-wheel drive specific terms and terminology 2. Conduct checks of 4x4 vehicle and equipment 3. Prepare for 4x4 operations 4. Operate 4x4 vehicle on a range of terrain types 5. Operate 4x4 vehicle on a steep slope 6. Perform maintenance and minor repairs 	2x day theory and practical training assessments.
	FWPFGM3215 Perform Complex Operations	<ol style="list-style-type: none"> 1. Prepare for 4x4 operations 2. Prepare 4x4 vehicle for water crossing 3. Negotiate water crossing 4. Perform check of vehicle operations on completion of water crossing 5. Operate vehicle in rugged terrain 6. Recover vehicle from loss of traction while ascending 7. Perform post-trip tasks 	

TRAINING GROUP COURSE LIST

GROUP	COURSE NAME	COURSE OUTLINE	DURATION
EUREKA GROUP 9 Includes both Certifications	SISODRV302A Drive and recover a 4WD vehicle	1. Plan for four-wheel driving 2. Perform pre-departure checks 3. Drive in a variety of terrain types 4. Recover a vehicle 5. Perform post-use four-wheel drive activity review	2 X day theory, practical and Assessment Please note:
	SISODRV405A Coordinate recovery of a 4WD vehicle	1. Assess situation 2. Use recovery or snatch strap 3. Use a winch to perform vehicle recovery 4. Use jacks to prepare vehicle for recovery 5. Maintain vehicle recovery equipment	This is a combination of off road and advanced 4wd drive training
